Resolution Title: Human Trafficking Awareness, Prevention and Detection

Amendments:

Amend clause number 1, Section B by:
Striking out the word or words,
Line 2: " a brief ten minute"
Line 2: "online"

The amended clause number 1, Section B to read:

RESOLVED, That
"the Ontario Provincial Government require all educators grades one to twelve to complete
yearly training on the awareness, prevention and detection of human trafficking;"

Rationale for amendment (s):

1. There is no evidence found in the attached bibliography and resources to support a time frame for learning. A specific timeline, i.e., ten minutes is restrictive and limiting.
2. Removing the word "online" provides the Ontario Provincial Government with increased latitude and flexibility in the length and type of training on trafficking, awareness and detection.
